

BONDING WITH THE CAMEROONIAN DIASPORA

HOST: H.E. AMBASSADOR HENRI ETOUNDI ESSOMBA

MEETING ZOOM : 2020 , November 21st-22nd

BONDING WITH THE CAMEROONIAN DIASPORA

CONTEXT

Our Country is going through several crises, Boko Haram on the one side and the crisis in the North West and South West on the another side. The various electoral issues also revealed a deep identity crisis, with the unveiling of the issues of tribalism and tribality. These moments of democratics choices also demonstrated a singularly committed diaspora and using their Embassies in several capitals of the world as privileged targets for their demands ...

Violent and degrading conflicts and behavior have been noted here and there. Apart from the last regional deadlines which will be held on December 6, we note a relative calm, probably due to the elections in our host Country, but also to the letter-writing of the Africa boss from the State Department, thus leaving an unambiguous position on the atrocities committed in Cameroon: savage murder of children in a school in Kumba.

if it's undeniable that we are and will remain all children of the same Country, The mission through its Ambassador has therefore made the choice to extend a rallying pole to his family and in all regions of the United States through a recovery of contact and the safeguard of the bonds which are ours.

Thus reopening exchanges in all horizons of the USA with our compatriots is a necessity and a well-felt choice in this period.
